MRS. FEENEY

North Quincy High School's graduating Class of 2000 dedicates our yearbook, "Completing the Puzzle" to our former principal, Mrs. Elieen Feeney. We are grateful for the diligence and spirit she put into her daily work and thank her for the impact she has had on our student body as a whole, and especially to our class, the Class of 2000. As we graduate and cross this stepping stone in our lives, we wish Mrs. Feeney the best of luck as she does the same. Good luck and thanks to you, Mrs. Elieen Feeney.

Just in case you're wondering, my mane is Ron Martinez. I was born in Boston, MA (prise, Surprise) and for the 1st 13 years of my life, I resided in Brockton. Then I move Quincy and I went to Sterling Middle School. Then I came here to NQHS. In my sophon year, I joined the QPS robotics team, which I'm still apart of to this day. I like computers I like to draw (In fact, I made the robotics team's new logo this year.) No bad, right?

The boy's volleyball team entered the 1999-2000 season with high expectations. The team was returning four starters from the previous years tournament team. The team played their toughest two matches of the year in their first two games; versus New Bedford Voke Tech and New Bedford High. Both teams were ranked in the top 5 in the state. At New Bedford Voke Tech, senior captains Phil Cai and Kin Yun led the team in two exciting games but fell short 13-15 and 14-16. The second game versus New Bedford High proved to be the same style. After winning the first game 16-14 and losing the second 15-8, North Quincy fell behind in the third game 10-2. Somehow they rallied and in the most exciting game of the year, tied the score at 14-14. Kin Yun, who is averaging 18 kills and 10 digs per match, and the projected player of the year from New Bedford matched each other hit for hit throughout the game. Finally, the Raiders succumbed to the Whalers in the third game and lost 16-14. The team gained confidence knowing that they could compete with the elite teams in the state. With the their toughest games out of the way the boys went on to win 9 of their next 11 games and in doing so, qualified for the tournament. Their nine wins included Quincy, Dighton Rehobeth, Durfee (2), Wareham (2), Brockton, Latin Academy, Brighton. The two other loses were to Needham and again to New Bedford Voke Tech. The team is looking to go far in the tournament this year under the leadership of their nine seniors and two juniors. Floor captain and setter Phil Cai has done a nice job of distributing the ball and keeping every player involved in the offense. He is averaging 24 assists and 7 digs per match. Other players who have contributed to the year so far are seniors Kenny Leung (15 digs), Kin Chan (10 kills, 5 blocks), Eric Suen (8 digs, 3 aces), and juniors Rob Rice (4 kills, 3 blocks) and Nam Phan (6 kills,7digs,3blocks).

Renaissance Creative Arts Program

NQHS Art Gallery Grand Opening

Renaissance Creative Arts Program

On May 23, 2000 the Renaissance Fine Arts Program held its annual end of the year program. The evening was a culmination of a very busy and satisfying year for students as well as the faculty. Under the direction of the Renaissance's Chair-person Ms. Maria D'Arcangelo, students were involved in four major projects that included an interdisciplinary assignment where students from theatre arts, photo, dance, art vocal and instrumental were placed in lottery-drawn groups, to work on a project. Other projects included a "Works in Progress" where each discipline could view the projects that students were working on — works that may or may not be finished. Many students in the Renaissance chose to participate in the NQHS Choir Concert, and the NQHS Band and Ensemble Concert.

The goal of the Renaissance program is to provide a challenging environment for talented and gifted students. By providing this challenge, the Renaissance program has allowed students to further develop their imagination and talent.

After flying the ocean for nearly 11 hours and 5600 miles.
32 students and staff members arrived in beautiful, timeless Egypt, to visit the great archaeological sites. Our tour group led by Egyptologist Hef Fisher journeyed on an overnight train, a riverboat, and several planes and countless buses. Outside Aswan the group visited the stupendous 4000-year-old Ramses and Nefertise statues at Abu Simbel as well as the magnificent temples of Philae and Kom Ombo. After a three day visually aesthetic and restful cruise on the Nile River, the groups explored Luxor and Karnak Temples. They then went on to visit the Valley of the Kings, and The Valley of the Queens, before returning to Cairo.
All agree that the memories of the hieroglyphic images and massive archaeological sites will last a lifetime.

The Egypt expeditioners will long recall the haggling scenes in the bazaars, the crowds off Cairo and the chanting of Muslims praying at sunset. But most of all, the groups will remember the great friendships made on this most magical exploration into antiquity.

OK, the yearbook is finally done. Not that slaving over this book every day for our entire senior year wasn't an absolute joy, but we are pumped that all of our hard work, and yes we worked very very hard, has finally paid off. First off, Mieke would like to thank Annie, and Annie thanks Mieke for keeping each other sane throughout this whole ordeal. Now, before the thank yous, lets jiggy over to the no thank yous. Studio 1400, you are the bane of our existence. Thank you for absolutely nothing. Beat it. Why we ventured to trust our photography services to you, is beyond us. Like we said before, beat it. This brings us to some of the thanks that we have to give out, for without these people, the yearbook probably would be obsolete, and you would be remembering your classmates by only a distant memory. Thank you to Mr. Melzack, Mr. Gostanian, and Kim Wong along with countless other photo students that saved our butts when Studio 1400 ducked out on us. Thank you for the innumerable hours that you put into taking, developing, and proofing photos. Thank you to our yearbook staff, especially the students that took time to type bios. Special thanks to Brian Burke who excelled in fundraising through ads (he helped lower the cost of the book for you people), and Matt Paul for working hand in hand with the editors almost everyday. Thanks to Chris Spelman, Kristy Cash and the people over at Jostens for giving us guidance and a little bit of leverage when it came to deadlines and costs. Thanks to the Yearbook advisors, including Mr. Coughlin who helped organize bios, surveys, and all the seniors together for tallying votes, etc, Mr. Bradley who came after school when we needed him to offer a helping hand and a supervising eye, Mr. Bertoni, who we could not live without, for his computer skills andhis know how saved us from writing our yearbook by hand. And last, but, oh my god, not least, is the biggest thank you that we can give. This yearbook could not be done without the slaving work of Mrs. Debbie Golden. Mrs. Golden came on as advisor in the middle of the year when we needed a helping hand, and became the one factor that saved this yearbook from being obsolete. She literally ate, drank, slept, and breathed yearbook until it was all finished, and she is doing it all over again next year. Thanks a million and a half for everything, although a dinky write up can't really express all of our appreciation to you. Good luck to the yearbook staff of 2001. We know that its going to take a lot to beat this piece of work. Try your hardest to not get stressed. In closing, we apologize to the Class of 2000 for the lateness of the book. Not to make excuses, but, well, there are no excuses. We did our best, and hopefully you appreciate that. Love it. Good luck in everything you do, and we hope that this will be a fab momento of our four years here at North, momentous as they were. We are out. Mieke Van Halsema and Annie Shields: Co-Editors.
